Education

Bapuji Institute of Engineering and Technology — Davanagere, Karnataka
Information Science and Engineering Bachelors of Engineering — 2022 - 2026
CGPA: 9.19

Sri Siddaganga PU College — Davanagere, Karnataka
PCMB Higher Secondary Education — 2020 - 2022
Percentage: 93.16%

B. L. R. Junior College — Sirigere, Karnataka
Degree in Secondary School Education — 2019 - 2020
Percentage: 90.88%

Experience

Dhee Coding Lab | Java Full Stack Trainee — Bengaluru, Karnataka | Jan 2026 - Present

- Gained hands-on experience in Java Full Stack development using Java, SQL, HTML, CSS, JavaScript, and React.
- Solved Java programming problems to strengthen object-oriented programming, data structures, and algorithmic thinking.
- Continuously improved coding proficiency by solving Java and SQL problems, enhancing logical thinking and problem-solving abilities.

Skills

Programming Languages:	Java, HTML, CSS, JavaScript
Libraries/Frameworks:	JDBC, Servlets, Hibernate, Spring Boot, REST APIs
Tools / Platforms:	Git, VS Code, Eclipse IDE, Maven
Databases:	SQL, MySQL

Projects / Open-Source

Event Management System — *HTML,CSS,JavaScript*

- Developed a responsive Smart Event Management System using HTML, CSS, and JavaScript with a modern and user-friendly interface.
- Implemented user and admin modules, including user registration, login, event browsing, search, event booking, and booking management using Local Storage.
- Developed core application functionalities with efficient data management, user-friendly navigation, and responsive design to provide a seamless user experience.

MediSlot Smart Doctor Appointment Booking System *Java, Spring Boot, Hibernate, MySQL, HTML, CSS, Thymeleaf*

- Developed a web-based Smart Doctor Appointment Booking System using Spring Boot to streamline appointment scheduling between patients and verified doctors.
- Implemented separate modules for patients, doctors, and administrators, including doctor verification, appointment booking, slot management, and review functionality.
- Designed a secure and user-friendly system with session-based authentication, BCrypt password encryption, and role-based access to ensure efficient healthcare management.

Certifications

- Programming in Java - NPTEL.
- SQL(Basic) - HackerRank.

Honors & Awards

- Achieve five star in HackerRank in Problem Solving
- Solved 100+ questions in LeetCode
